

Arrival is the newest generation of turf type perennial ryegrasses, collected from a broad genetic base of cultivars that have been adapted for improved turf performance. **Arrival** is a superior dark green turf type perennial ryegrass that is extremely fine leafed and creates a dense lush stand.

Arrival is extremely resistance to most diseases, especially on Leaf Spot, Red Thread and Stem Rust. **Arrival** is ideal for many different uses including high maintenance fairways, home lawns and athletic fields.

**Mean Turfgrass Quality Ratings
of Perennial Ryegrass Cultivars**

Using "Schedule A" (High Maintenance Fairway)
2000-03 NTEP DATA
