

Bryan Muntz, President of **IntegraTurf, Inc.**, brings over 20 years of diverse grass seed experience, ranging from retail packaging to the professional market. With this experience, he is trained to meet your expectations by listening to your needs and striving to exceed them.

IntegraTurf, Inc. is located in Albany, Oregon – the heart of the Willamette Valley and the grass seed capital of the world. With the perfect climate for growing grass seed, 60% of the world’s supply of grass seed is grown here by growers who are well known around the globe for producing exceptional quality.

Integra understands that even though all customers are unique, they all want four things: Value, Service, Expertise, and Innovative Products.

Value: IntegraTurf only works with the best growers and the most reputable suppliers in the valley. Integra will listen to your needs to bring you the highest quality products at competitive prices. Our goal is to provide you with the highest purity and quality seed available on the market.

Service: IntegraTurf only works with several full-service warehouses that perform to our standards in order to meet our customers’ specifications. With these warehouses, we can process, blend, and ship orders in a timely fashion and better track your order from beginning to end.

Expertise: We endeavor to make buying grass seed as painless as possible. In order to do this, we talk to our customers about their specified needs and provide training when needed, including any technical support that may be required.

Innovative Products: With access to top research programs within the industry, IntegraTurf is always able to provide superior varieties for the market place. This access allows Integra to find solutions for tomorrow’s problems today.

IntegraTurf, Inc. is where integrity and grass seed come together. We are here. We will listen. Give us a call to see what having a partner in the grass seed industry can do for you.
